

energest¹⁶

...controllable fuel for hard working horses

- Energest 16 is a high (16Mj/kg) energy feed, designed specifically for all hard working and performance horses.
- Manufactured in very digestible, medium density 6mm pencils.
- Contains a medium starch content (32%) to ensure a fast release of energy.
- Contains a high oil content (11%) to provide an additional slow release of energy.
- Contains high levels of cooked oat starch, oil and fibre content to facilitate maximum digestibility.
- Contains Oatino!™ for maintaining excellent health and performance.

contains
sixteen
Mj/kg of energy

contents

Cooked Lean Oats Cooked Maize Meal Whole Cooked Full Fat Soya Raw Lean Oats Cooked Wheat Molasses Lucerne Meal Wheat Cooked Barley Oatinal™ Vitamins and Minerals Chelated Minerals.

energest 16 also contains

- High levels of Oatinal™ to provide beneficial antioxidants, membrane fats, emulsifiers and beta glucans.
- Beneficial, yeast derived oligosaccharides.
