

UNIVERSITY of LIMERICK
OLLSCOIL LUIMNIGH

Tested

Allows your horse to express
its true potential for...

Racing

equilibra racing:

- Maintains the utilisation of nutrients in hard feeds and forages.
- Maintains the natural protection of the digestive tract.
- Maintains the natural functioning of the beneficial microflora of the hind gut.
- Supports the horses' natural ability to mobilise energy for demanding work.
- Helps maintain respiratory and cardiovascular recovery rates of performance horses.
- Aids fitness and endurance.
- Contains Oatinoxol™ - providing high levels of natural antioxidants and polar lipids for a healthy gut.
